

Suffolk County EMS Regional Faculty

Host: Suffolk County EMS – Course Sponsor

Represented at REMSCO by: Jay Gardiner

The Regional Faculty is composed of Senior Instructor Coordinators who are responsible for the training and continuing education of the instructional staff of Suffolk County EMS System. Their responsibilities include:

Conducting Certified Instructor/Coordinator (CIC) and Clinical Lab Instructor (CLI) classes annually;

Presenting Instructor Updates (required for maintaining instructor certification) on a regular basis;

Conducting Audits of new and existing instructional staff to insure consistency and quality in instructional methodology;

Working with the Suffolk County EMS staff to help design new course offerings and refine current educational materials; and

Making members available to both REMSCO and REMAC as necessary for consultation.

The members of the Regional Faculty are chosen from the instructor ranks, and serve as role models for future instructors. They are nominated by the Program Agency and receive additional training through New York State EMS.
