

## **Clinical Internship Objectives for Emergency Department & Ambulance Rotations**

The EMT-B candidate is required to perform clinical skill objectives based on the performance criteria in the NYS EMT-B curriculum and the current standard of care. The Certified Instructor Coordinator (CIC) will review the Course Sponsor's clinical internship policy and procedures prior to the EMT-B's clinical assignment.

The CIC shall review the following clinical internship objectives with each candidate and ambulance or emergency department preceptors identifying candidate performance and evaluation criteria. In addition, a clinical evaluation form must be completed by the preceptor and returned to the CIC. Prior to each clinical rotation, both the clinical staff and the candidate(s) are encouraged to complete an orientation of expected behavior pertaining to the time before, during and after each clinical and ambulance rotation.

### **Clinical Internship Objectives**

During emergency department or ambulance clinical rotations, the student should be under direct supervision and demonstrate proficiency for each of the following:

#### **Emergency Department/Ambulance Clinical Objectives:**

- Perform patient assessment including medical history and conducting a physical examination. Minimum assessment skills should include taking and recording vital signs and auscultation of lung sounds.
- Assists and reviews the treatment of trauma emergencies.
- Assists and reviews the treatment of medical emergencies.
- Assists in triaging patients.
- Assists in and uses appropriate body substance isolation techniques.
- Assists in hemorrhage control.
- Assists in splinting.
- Assists in respiratory and/or cardiac arrest, including the performance of CPR, basic airway management and on-scene defibrillation.
- Assists in administration of Epinephrine Auto Injector.
- Assists in use of Bronchodilator.
- Assists in use of Nitroglycerine.
- Assist/observes in obtaining Medical Control.
- Assist/observes in transfer of patient information and referral.

#### **Ambulance Operations Objectives:**

- Assists with rig-checkout/restock. Locates, inspects and prepares equipment for use.
- Assists with safe-scene operations. Locates and is familiar with safety equipment.
- Assists with lifting and carrying. Locates and is familiar with safe operation.
- Assists with communications. Locates and operates equipment.
- Assists with patient care report completion and transfer of information to ED.

**The following evaluation form is to be completed by the student's preceptor for the emergency department or ambulance staff. The completed form must be submitted to the CIC for the candidate to be eligible for course completion.**

# NYS EMERGENCY MEDICAL SERVICES EMT CLINICAL EVALUATION FORM

## ***Ambulance ONLY: Operational Objectives:***

**Completed**

### **Precall Activities**

- Describe procedures of how calls are received by the ambulance services \_\_\_\_\_  Yes  No
