

**Catholic  
Health**

Good Samaritan  
University Hospital

**Emergency Response Training:**

# Stop the Bleed & MCI Triage

Are you prepared to respond to life-threatening emergencies in the field?

Join us for hands-on training covering rapid bleeding control, including wound packing and tourniquet application, as well as essential strategies for mass casualty incident triage and patient management.

**For more information  
or to register,  
call (631) 376-4444**

Food and refreshments  
will be served.

3 hours of Core CME will  
be given for attendance  
at both sessions

**Friday, May 8  
6 pm**

**Ocean Beach Fire Department**  
596 Bayberry Walk  
Ocean Beach, NY

## **Session 1: Stop the Bleed**

Hands-on training in rapid bleeding control, effective wound packing, and proper tourniquet application.

## **Session 2: MCI Triage and Management**

Learn key principles for managing mass casualty incidents and prioritizing patient care.
